

Instruction Manual

Step 1: Insert and push the casters into the bottom of the chair starbase, then vertically insert the pneumatic bar into the center of the chair starbase.

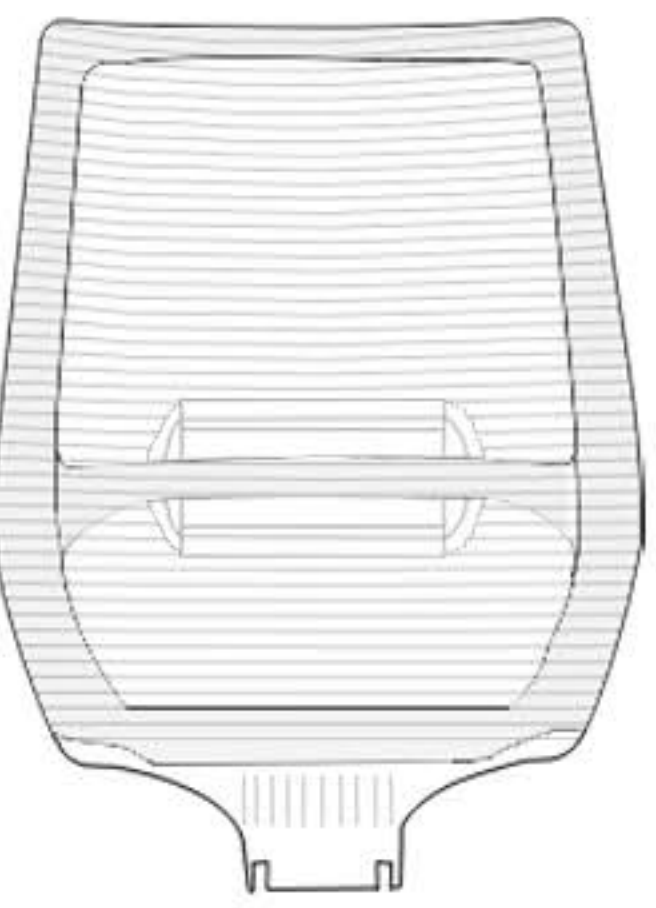

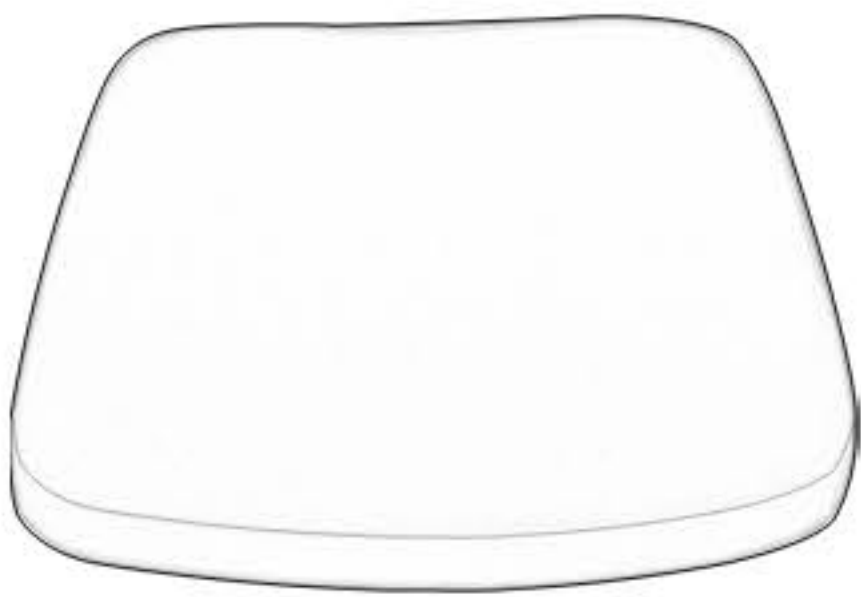

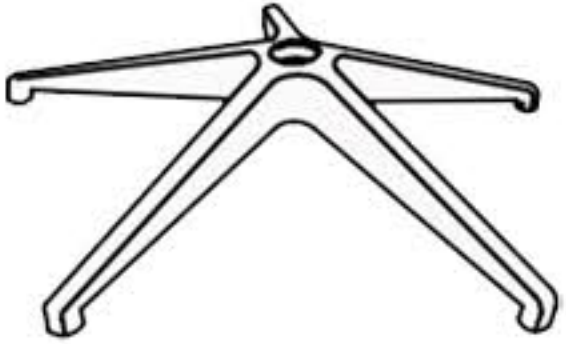

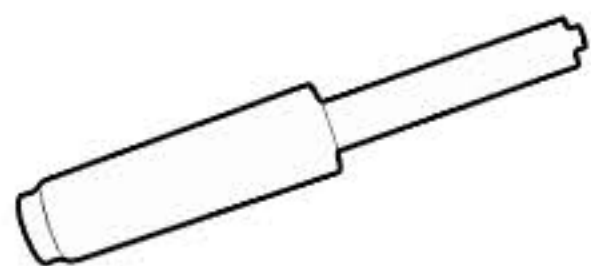

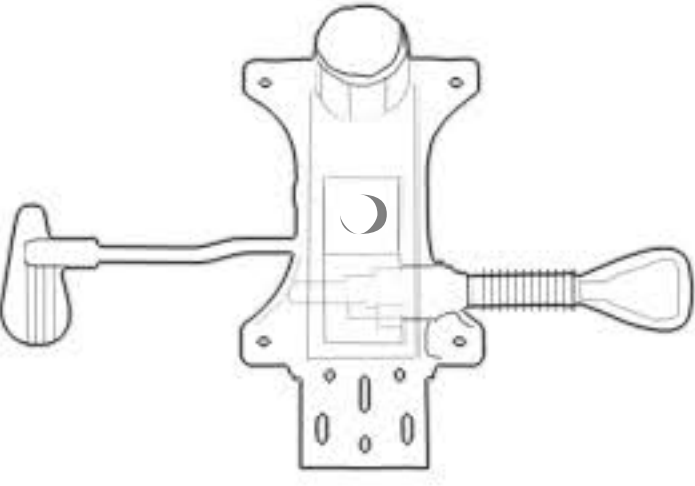

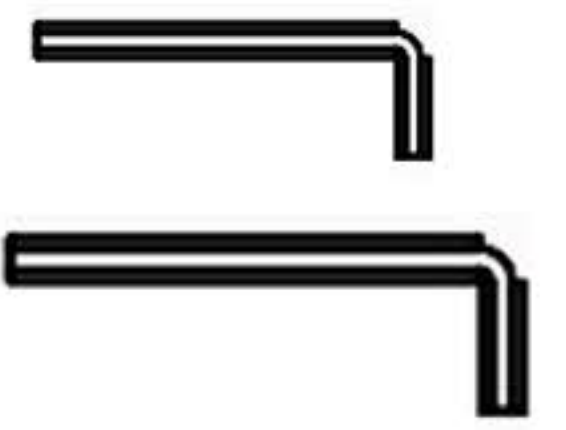

Step 2: Upside down the cushion as shown in the image, assembly two armrests on the side with six M6x35 mm screws. And assembly the chassis in the center of the chassis, with four M6x25mm screws. You may use the Allen key to secure the screws.

Step 3: Insert the backrest into the chassis, and use three M8x30mm screws to fix the connection between the backrest and the chassis.

Step 4: Vertically place the integrated chassis over the starbase, making sure the pneumatic bar firmly inserts into the hole of the chassis.
